

UBSI 2021 Scholarship recipients and current-student expectations.

Scholarship recipients...Congratulations! We are thrilled you have accepted our scholarship offer to attend the 2021 Utah Ballet Summer Intensive and we look forward to having you train with us this summer. Being a recipient of a tuition scholarship comes with the expectation that you will attend all classes abiding by the dress code and work to the best of your ability to set an example for the other students.

Current U of U students should plan to be present at conditioning as well as all technique classes and rehearsals if doing full day. Morning's only are expected to take conditioning as well as technique and pointe or men's class. Outside projects should be scheduled around your class time. You are our best recruiters and many students are shaping their decisions on where to attend college, so be a good ambassador for the School of Dance!

Maggie Wright Tesch
University of Utah Ballet Summer Intensive Director
